2. How Does the Surest Health Plan Work?

The Surest Health Plan (“Surest Plan”) design allows each Participant to make informed choices about their health care, cost, and coverage needs – in advance of receiving care. With the Surest mobile app and the Benefits.Surest.com website, Participants can search for available care, cost, and coverage options from any geographic location to choose the best option for them, or Participants can call Surest Member Services for assistance navigating their coverage options. Eligible employees and eligible dependents who properly enrolled in the Surest Plan are referred to as “Participants” in this SPD.

The Surest Plan has features that Participants already know and understand — including, for example: no deductible; simple copayments for Covered Health Services; an annual out-of-pocket maximum; and available comprehensive coverage.

When enrolled in the Surest Plan, coverage automatically includes substantial coverage of Physician and hospital services — including, for example: preventive care, Emergency and urgent care, office visits, inpatient and outpatient hospital visits, and prescription drugs. Coverage also provides substantial coverage for common and/or Medically Necessary services and treatments such as, maternity care, cancer treatment, and physical therapy, all of which are more fully described below.

3. Am I Eligible and How Do I Enroll?

Eligibility for Coverage

Each eligible employee or other individual who is eligible to participate in the group health plan, and who meets and continues to meet the eligibility requirements described in this Summary Plan Description, shall be entitled to apply to become a covered plan participant of the group health plan. Such eligibility requirements shall be binding and no change in such requirements shall be permitted except as permitted by Florida Firefighters Insurance Trust Fund has been notified in writing of such change and agreed to service such changes.

Acceptable documentation that an individual meets and continues to meet the eligibility requirements (e.g., court order naming the eligible employee as the legal guardian or “adoption” documentation) may be required.

Eligibility Requirements for Covered Employees

To be eligible for coverage in the Florida Firefighters Insurance Trust Fund an eligible employee must meet one of the following requirements:

- Any employee represented by a local union of the IAFF and working for an employer as defined in the agreement and declaration of trust and the collective bargaining agreement between said union and Employer provide for contributions on the eligible employee’s behalf to the fund; or
- An elected or appointed officer or employee of local unions, their state or county affiliates or international parent body; or
- Former employees of an employer’s fire department provided the former employee:
 - Retired from a trust; and
 - Remains an active or inactive member of a local union while retired;
 - Belonged to a union and was covered by the fund for 60 consecutive months, immediately prior to retirement; or 60 consecutive months immediately prior to entering into the Deferred Retirement Option Plan “DROP”;
 - Belonged to a union and was a participant of this fund continuously from the time the employee was first eligible to participate in this fund until the employee’s retirement; or
- Other employees of the Employer who belonged to a firefighter union from whom the trustees agree to accept contributions.

Eligibility Requirements for Dependents

An individual who meets the eligibility criteria specified below is an eligible Dependent and is eligible to apply for coverage under this Summary Plan Description:

- The covered employee's or covered former employee’s spouse under a legally valid existing marriage who resides in the same household as the covered employee or covered former employee.

Am I Eligible and How Do I Enroll?

- The covered employee's or covered former employee's natural, newborn, adopted, foster, or step child(ren) (or a child for whom the covered employee has been court-appointed as legal guardian or legal custodian) who has not reached the end of the calendar year in which he or she reaches age 26 (or in the case of a foster child, is no longer eligible under the foster child program), regardless of the dependent child's student or marital status, financial dependency on the covered employee, whether the dependent child resides with the covered employee, or whether the dependent child is eligible for or enrolled in any other health plan.
- The newborn child of a covered Dependent child who has not reached the end of the calendar year in which he or she becomes 26. Coverage for such newborn child will automatically terminate 18 months after the birth of the newborn child.

Note: If a covered Dependent child who has reached the end of the calendar year in which he or she becomes 26 obtains a dependent of their own (e.g., through birth or adoption) such newborn child will not be eligible for this coverage and the covered Dependent child will also lose his or her eligibility for this coverage. It is the covered employee's sole responsibility to establish that a child meets the applicable requirements for eligibility.

This eligibility shall terminate on the last day of the calendar year in which the dependent child reaches age 26.

Extension of Eligibility for Dependent Children

A covered Dependent child may continue coverage beyond the age of 26, provided he or she is:

- Unmarried and does not have a dependent;
- A Florida resident or a full-time or part-time student;
- Not enrolled in any other health coverage policy or plan; or
- Not entitled to benefits under Title XVIII of the Social Security Act unless the child is a handicapped dependent child.

This eligibility shall terminate on the last day of the calendar year in which the dependent child reaches age 30.

Note: In order to continue coverage between the ages of 26 – 30, additional contribution is required, as set forth by the Florida Firefighters Insurance Trust Fund.

Handicapped Children

In the case of a handicapped dependent child, such child is eligible to continue coverage as a covered Dependent, beyond the age of 26, if the child is:

- Otherwise eligible for coverage under the group health plan;
- Incapable of self-sustaining employment by reason of mental retardation or physical handicap; and

Am I Eligible and How Do I Enroll?

- Chiefly dependent upon the covered employee for support and maintenance provided that the symptoms or causes of the child's handicap existed prior to the child's 26th birthday.

This eligibility shall terminate on the last day of the month in which the dependent child no longer meets the requirements for extended eligibility as a handicapped child.

It is the covered employee's responsibility to notify the trust when a dependent is no longer eligible for coverage. Failure to remove an ineligible dependent from the coverage does not make Florida Firefighters Insurance Trust Fund responsible for payment of any claims incurred or responsible for refund of contributions paid by an employee for an ineligible dependent.

Cost of Coverage

You and Florida Fire Fighters Insurance Trust Fund share in the cost of the Plan. Your contribution amount depends on the Plan you select and the family members you choose to enroll.

Your contributions are deducted from your paychecks on a before-tax basis. Before-tax dollars come out of your pay before federal income and Social Security taxes are withheld—and in most states, before state and local taxes are withheld. This gives your contributions a special tax advantage and lowers the actual cost to you.

Note: The Internal Revenue Service generally does not consider Domestic Partners and their children eligible Dependents. Therefore, the value of Florida Fire Fighters Insurance Trust Fund's cost in covering a Domestic Partner may be imputed to the Participant as income. In addition, the share of the Participant's contribution that covers a Domestic Partner and their children may be paid using after-tax payroll deductions.

Your contributions are subject to review and Florida Fire Fighters Insurance Trust Fund reserves the right to change your contribution amount from time to time.

You can obtain current contribution rates by calling Human Resources.

How to Enroll

To enroll, call Human Resources within 31 days of the date you first become eligible for medical Plan coverage. If you do not enroll within 31 days, you will need to wait until the next annual Open Enrollment to make your benefit elections.

Each year during annual Open Enrollment, you have the opportunity to review and change your medical election. Any changes you make during Open Enrollment will become effective the following January 1.

Important

If you wish to change your benefit elections following your marriage, birth, adoption of a child, placement for adoption of a child or other family status change, you must contact Human Resources within 31 days of the event. Otherwise, you will need to wait until the next annual Open Enrollment to change your elections.

4. When Does My Coverage Begin and End?

4.1 Effective Dates

If you enroll yourself in the Surest Plan during Open Enrollment, your coverage is effective on the first day of the Plan Year. For employees who are hired mid-year, coverage will begin on first day of the month coinciding with or immediately following the employee's date of hire or becoming newly eligible and once the Plan Administrator receives your properly completed enrollment information.

Coverage for eligible dependents that you properly enroll during Open Enrollment is effective on the same day your coverage begins.

Coverage for a dependent spouse or stepchild added through marriage is effective on the date of your marriage, provided you notify the Plan Administrator within 31 days of your marriage.

Coverage for dependent children added through birth, adoption, placement for adoption, or placement for foster care is effective on the date of the family status change, provided you notify the Plan Administrator within 31 days of the birth, adoption, or placement.

Coverage for eligible domestic partners and their children become effective the date of your partnership provided you notify Human Resources within 31 days and sign the Plan Sponsor's Affidavit of Domestic Partnership and Dependency or Non-dependency of Domestic Partner and Children.

Special Rule for Newborn

If you are enrolled in the Surest Plan, your newborn child will be considered enrolled in the applicable Plan for the first 31 days of the newborn's life. To continue coverage for the newborn dependent after this period, you must affirmatively enroll the child in the Plan within 31 days of the date of birth by contacting the Plan Administrator and supplying all required information within 31 days after the child's birth. If you do not affirmatively enroll this child accordingly, the child will be terminated from coverage on the end of the 31st day.

4.2 End Dates

Your coverage will terminate on the earliest of the following dates:

- The date the Plan is terminated.
- The date the covered employee terminates.
- The date your eligibility under the Plan ends.
- When you do not make your required premium contribution for coverage under the Surest Plan. Termination will be retroactive to the last day for which your required premium contribution was timely received.
- The date you, or someone acting on your behalf, performed an act or practice that constitutes fraud or made an intentional misrepresentation (including an omission) of material fact under the terms of the Plan.

When Does My Coverage Begin and End?

- The last day of the month in which the status as domestic partner or dependent children of the domestic partner as attested in the Affidavit of Domestic Partnership and Dependency or Non-dependency of Domestic Partner and Children change results in the domestic partner and/or the dependent children of the domestic partner no longer qualifies for coverage under the Plan.
- The last day of the month in which a covered dependent child turns 26.
- The last day of the month in which a covered disabled dependent child age 26 or over ceases to be disabled.

4.3 Leave of Absence

Please contact your Plan Administrator's representative for details on how your coverage is handled and if/when your coverage ends if you take a leave of absence.

If you are absent from work due to an approved family or medical leave under the Family and Medical Leave Act of 1993 (FMLA), coverage may be continued for the duration of the approved leave of absence as if there was no interruption in employment. You are responsible for all required premium contributions for the Surest Plan while on a leave of absence. Such coverage will continue until the earlier of the expiration of such leave or the date you notify your employer that you do not intend to return to work.

If you do not return after an approved leave of absence, you may be eligible to continue coverage, provided that you elect to continue coverage according to Section 10 (Continuation of Coverage) of this SPD. If the covered employee returns to work immediately following his/her approved FMLA leave, no new waiting periods will apply.

5. What Are My Benefits?

Claims for Benefits under the Sarest Plan are payable only for Covered Health Services that are Medically Necessary.

The total cost of Covered Health Services is shared between you and the Plan Sponsor. Your share consists of paycheck deductions and copayments. The Sarest Plan does not have a deductible or coinsurance. Your Sarest Plan does have an out-of-pocket maximum which is the maximum amount of copayments you will pay each Plan Year for Covered Health Services. Your paycheck deductions do not count against the Sarest Plan's out-of-pocket maximum.

Sarest assigns prices to Covered Health Services. These prices are also referred to as copayments. Your copayments for Covered Health Services are listed in Section 5.1 (Covered Health Services), Section 12 (Outpatient Prescription Drugs), and on the Sarest mobile app and Benefits.Sarest.com website.

The Sarest Plan provides Benefits for the remainder of the amount billed by your in-network Provider for Covered Health Services after any discounts are applied.

Discounts are negotiated with in-network Providers. If you use an in-network Provider, you may be responsible for lower copayments and the Provider may not charge you any additional fees. If you use an out-of-network Provider, you may be responsible for (in addition to your higher out-of-network copayment) all amounts that exceed the usual and customary amount, when applicable. Out-of-network Providers may be permitted to bill you for the difference between what the Plan agreed to pay and the full amount charged for a Covered Health Service. This is called "balance billing."

Once your total copayments reach your applicable out-of-pocket maximum, the Sarest Plan provides Benefits at 100% of Eligible Expenses for the remainder of the Plan Year, except for amounts you pay for out-of-network Covered Health Services in excess of the usual and customary amount, when applicable. Amounts in excess of usual and customary charges are not counted towards your out-of-pocket maximums.

In-Network Benefits

As a Participant in the Sarest Plan, you may choose any eligible Provider of health services each time you need to receive a Covered Health Service. The choices you make may affect the amount you pay, as well as the level of Benefits you receive. You will receive the highest level of Benefits from the Sarest Plan (and in most instances, your out-of-pocket expenses will be far less) when you receive care from in-network Providers. The Sarest Plan's credentialing process confirms public information about the Providers' licenses and other credentials, but does not assure the quality of their services. The Providers are independent practitioners and entities that are solely responsible for the care they deliver.

The Sarest Plan features a large network of in-network Providers which can be found in the Sarest mobile app or Benefits.Sarest.com website or call Sarest Member Services for assistance.

What Are My Benefits?

These in-network Providers will:

1. File Claims for Benefits for you.
2. Accept payment based on the discounted rate previously negotiated.

In-network Providers are responsible for obtaining Prior Authorization, Pre-Admission Notification, pre-admission certification for planned inpatient admissions, and/or Emergency admission notification requirements for you. Therefore, it is important that you confirm the Provider's status before you receive services as a Provider's network status may change. For current in-network Provider information, refer to the Surest mobile app or Benefits.Surest.com website or call Surest Member Services for assistance.

If you receive health care services from an out-of-network Provider and were informed incorrectly by the Claims Administrator prior to receipt of the Covered Health Service that the Provider was an in-network Provider, either through the Surest Plan database, provider directory, or in the Claims Administrator's response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for the same copayment that would apply if the Covered Health Service had been provided from an in-network Provider.

You must show your member identification "ID" card every time you request health care services from an in-network Provider. Your member ID card can be found on the Surest mobile app; you will also receive an actual member ID card in the mail. If you do not show your member ID card, in-network Providers have no way of knowing that you are enrolled under the Surest Plan. As a result, they may bill you for the entire cost of the services you receive.

We have agreements in place that govern the relationship between us, our Plan Sponsors and in-network Providers, some of which are affiliated Providers. In-network Providers enter into agreements with us to provide Covered Health Services to Participants. Do not assume that an in-network Provider's agreement includes all Covered Health Services. Some in-network Providers contract with Surest to provide only certain Covered Health Services, but not all Covered Health Services. Some in-network Providers choose to be an in-network Provider for only some of our Covered Health Services. Refer to the Surest mobile app or Benefits.Surest.com website or call Surest Member Services for assistance.

For in-network benefits for Covered Health Services provided by an in-network Provider, except for your copayment obligations, you are not responsible for any difference between the Eligible Expense and the amount the Provider bills. Eligible Expenses are based on the following:

- When Covered Health Services are received from an in-network Provider, Eligible Expenses are the Claim Administrator's contracted fee(s) with that Provider.
- When Covered Health Services are received from an out-of-network Provider as arranged by the Claims Administrator, Eligible Expenses are an amount negotiated by the Claims Administrator or an amount permitted by law. Please contact the Claims Administrator if you are billed for amounts in excess of your applicable copayment. Surest will not pay excessive charges or amounts you are not legally obligated to pay.

Out-of-Network Benefits

The Surest Plan generally provides Benefits for medical Claims incurred with an out-of-network Provider at a lower level. As a result, if you choose to seek Covered Health Services out-of-network, except as described below, you will be responsible for the difference between the amount billed by the out-of-network Provider or facility and the amount Surest determines to be the Eligible Expense for reimbursement (plus any applicable copayments). The amount in excess of the Eligible Expense could be significant, and this amount will NOT apply to the out-of-network out-of-pocket maximum. You may want to ask the out-of-network Provider about their billing practices before you receive care.

- For Covered Health Services that are ***Ancillary Services received at certain in-network facilities on a non-Emergency basis from out-of-network Providers***, you are not responsible (and the out-of-network Provider may not bill you) for amounts in excess of your copayment which is based on the Recognized Amount as defined in Section 11 (Glossary).
- For Covered Health Services that are ***non-Ancillary Services received at certain in-network facilities on a non-Emergency basis from out-of-network Providers who have not satisfied the notice and consent criteria as described below***, you are not responsible (and the out-of-network Provider may not bill you) for amounts in excess of your copayment which is based on the Recognized Amount as defined in Section 11 (Glossary).
- For Covered Health Services that are ***Emergency Health Services provided by an out-of-network Provider***, you are not responsible (and the out-of-network Provider may not bill you) for amounts in excess of your applicable copayment which is based on the Recognized Amount as defined in Section 11 (Glossary).
- For Covered Health Services that are ***air ambulance services provided by an out-of-network Provider***, you are not responsible (and the out-of-network Provider may not bill you) for amounts in excess of your applicable copayment which is based on the rates that would apply if the service was provided by an in-network Provider.

Eligible Expenses are determined solely in accordance with the Claims Administrator's reimbursement policy guidelines or as required by law. The Claims Administrator develops the reimbursement policy guidelines, in the Claims Administrator's discretion, following evaluation and validation of all Provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the Centers for Medicare and Medicaid Services (CMS).
- As indicated in the most recent editions of the Healthcare Common Procedure Coding System (HCPCS), or Diagnosis-Related Group (DRG) Codes.
- As reported by generally recognized professionals or publications.
- As used for Medicare.

- As determined by medical staff and outside medical consultants pursuant to other appropriate source or determination that the Claims Administrator accepts. In-network Providers are reimbursed based on contracted rates. Out-of-network Providers are reimbursed at a percentage of the published rates allowed by CMS for Medicare for the same or similar service within the geographic market.

When Covered Health Services are received from an out-of-network Provider as described below, Eligible Expenses are determined, as follows:

- **For non-Emergency Covered Health Services received at certain in-network facilities from out-of-network Providers** when such services are either Ancillary Services, or non-Ancillary Services that have not satisfied the notice and consent criteria of section 2799B-2(d) of the *Public Health Service Act* with respect to a visit as defined by the Secretary, the Eligible Expense is based on either:
 - The reimbursement rate as determined by applicable federal or state law or by an applicable state *All Payer Model Agreement*.
 - The reimbursement rate as determined by state law.
 - The initial payment made by the Claims Administrator or the amount subsequently agreed to by the out-of-network Provider and the Claims Administrator.
 - The amount determined by *Independent Dispute Resolution (IDR)*.

For the purpose of this provision, "certain network facilities" are limited to a hospital (as defined in 1861(e) of the *Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the *Social Security Act*), an ambulatory surgical center as described in section 1833(i)(1)(A) of the *Social Security Act*, and any other facility specified by the Secretary.

IMPORTANT NOTICE: For Ancillary Services, and for non-Ancillary Services provided without notice and consent, you are not responsible, and an out-of-network Provider may not bill you, for amounts in excess of your applicable copayment which is based on the Recognized Amount as defined in Section 11 (Glossary).

- **For Emergency health care services provided by an out-of-network Provider**, the Eligible Expense is based on either:
 - The reimbursement rate as determined by applicable federal or state law or by an applicable state *All Payer Model Agreement*.
 - The reimbursement rate as determined by state law.
 - The initial payment made by us or the amount subsequently agreed to by the out-of-network Provider and us.
 - The amount determined by *Independent Dispute Resolution (IDR)*.

IMPORTANT NOTICE: You are not responsible, and an out-of-network Provider may not bill you, for amounts in excess of your applicable copayment which is based on the Recognized Amount as defined in Section 11 (Glossary).

- **For air ambulance transportation provided by an out-of-network Provider**, the Eligible Expense is based on either:

What Are My Benefits?

- The reimbursement rate as determined by applicable federal or state law or by an applicable state *All Payer Model Agreement*.
- The reimbursement rate as determined by state law.
- The initial payment made by the Claims Administrator or the amount subsequently agreed to by the out-of-network Provider and the Claims Administrator.
- The amount determined by *Independent Dispute Resolution (IDR)*.

IMPORTANT NOTICE: You are not responsible, and an out-of-network Provider may not bill you, for amounts in excess of your copayment which is based on the rates that would apply if the service was provided by an in-network Provider which is based on the Recognized Amount as defined in Section 11 (Glossary).

- **For ground ambulance transportation provided by an out-of-network Provider,** the Eligible Expense, which includes mileage, is a rate agreed upon by the out-of-network Provider and the Claims Administrator, or, unless a different amount is required by applicable law, determined based on the median amount negotiated with in-network Providers for the same or similar service.

IMPORTANT NOTICE: Out-of-network Providers may bill you for any difference between the Provider's billed charges and the Recognized Amount as defined in Section 11 (Glossary).

Out-of-network Benefits apply to Covered Health Services that are provided by an out-of-network Provider, or Covered Health Services that are provided at an out-of-network facility. If you are using an out-of-network Provider, you are responsible for ensuring that any necessary Prior Authorizations and Pre-Admission Notifications have been obtained, or the services may not be covered by the Surest Plan.

If the Claims Administrator confirms that care is not available from an in-network Provider, the Claims Administrator will work with you to coordinate care through an out-of-network Provider as outlined in the written policy established by the Claims Administrator. Covered Health Services rendered by an out-of-network Provider will be processed at the in-network Benefit level when there are no available in-network Providers. Requests for this Benefit should be made by calling Surest Member Services at the number on your member ID card **before** you obtain such services.

Out-of-network Providers are not required to file Claims with Surest. If you get Covered Health Services outside of the Surest network and the Provider and/or facility requires that you remit the full amount, contact Surest Member Services for a Claim form to file a Claim for reimbursement. This may require an itemized bill from the Provider.

When Covered Health Services are received from an out-of-Network provider, except as described above, Eligible Expenses are determined as follows: (i) an amount negotiated by the Claims Administrator, (ii) a specific amount required by law (when required by law), or (iii) an amount the Claims Administrator has determined is typically accepted by a healthcare provider for the same or similar service or an amount that is greater than such rate when elected or directed by the Plan. The Plan will not pay excessive charges. You are responsible for paying, directly to the out-of-network provider, the applicable Copayment. Please contact the Claims Administrator if you are billed for amounts in excess of your applicable Copayment

What Are My Benefits?

or to access the Advocacy Services as described below. Following the conclusion of the Advocacy Services described below, any responsibility to pay more than the Eligible Expense (which includes your Copayment) is yours.

Advocacy Services

The Plan has contracted with the Claims Administrator to provide advocacy services on your behalf with respect to out-of-network providers that have questions about the Eligible Expenses and how the Claims Administrator determined those amounts. Please call the Claims Administrator at the number on your ID card to access these advocacy services, or if you are billed for amounts in excess of your applicable Copayment. In addition, if the Claims Administrator, or its designee, reasonably concludes that the particular facts and circumstances related to a claim provide justification for reimbursement greater than that which would result from the application of the Eligible Expense, and the Claims Administrator, or its designee, determines that it would serve the best interests of the Plan and its Participants (including interests in avoiding costs and expenses of disputes over payment of claims), the Claims Administrator, or its designee, may use its sole discretion to increase the Eligible Expense for that particular claim.

Copayments

A copayment is the amount you pay each time you receive certain Covered Health Services. The table below describes how your coverage works and includes copayments applicable to the Covered Health Services you choose. Some copayments are listed as a range. Surest assigns Provider copayments within the ranges based on the Surest analysis of treatment outcomes and cost information that identifies Physicians, clinics, and hospitals that provide cost-efficient care.

For current Provider-specific copayment information, Participants should check the Surest mobile app or Benefits.Surest.com website or call Surest Member Services prior to utilizing any services covered under the Surest Plan.

The full range of copayments displayed may not be available in all geographical areas or for all services. You can find Provider-specific copayment amounts by utilizing the ‘Search tool’ on the Surest mobile app or Benefits.Surest.com website or call Surest Member Services.

You may also be eligible for reduced copayments for certain Benefits and for specific focused programs if you use in-network Providers that Surest has designated as preferred, high-value Providers.

At times, this procedure will be done to improve vision, which is considered a Reconstructive procedure. In other cases, if improvement in appearance

is the primary intended purpose, this would be considered a Cosmetic procedure. The Surest Plan does not provide Benefits for Cosmetic services or procedures.

- The fact that a Participant may suffer psychological consequences or socially avoidant behavior as a result of an illness, injury, or congenital anomaly does not classify surgery (or other procedures done to relieve such consequences or behavior) as Reconstructive procedures.

Travel and Lodging

The Transplant Resource Services program provides Benefits for travel and lodging expenses. See Complex Medical Conditions Travel and Lodging Assistance Program described in Section 5.3 (Clinical Programs and Resources) for more information.

Clinical Trials

Clinical trials are research studies designed to find ways to improve health care or to improve prevention, diagnosis, or treatment of health problems. The purpose of many clinical trials is to find out whether a medicine or treatment is safe and effective for treating a certain condition or disease. Clinical trials compare the effectiveness of medicines or treatments against standard, accepted treatment, or against a placebo if there is no standard treatment.

Participants in clinical trials are typically randomized to different treatment arms and based on that randomization may receive either the study intervention or the control intervention.

Services provided in a clinical trial typically include the interventions being evaluated (study agent and control agent) and other clinical services required to evaluate the effectiveness and safety of the interventions being compared.

In compliance with federal law, your Benefits cover routine health care costs for qualifying individuals participating in an approved clinical trial. For more information call Surest Member Services at the number on your member ID card.

Clinical Trial services may require Prior Authorization and Medical Necessity review.

5.2 Prior Authorization and Pre-Admission Notification

Select services require Prior Authorization or Pre-Admission Notification. Prior Authorization is required by service type, regardless of whether the service is rendered by in-network or out-of-network Providers.

In-network Providers are responsible for obtaining Prior Authorization for select Covered Health Services and are responsible for Pre-Admission Notification for planned inpatient admissions and post-admission notification at least 24 hours of admission of Emergency inpatient admissions. Inpatient stays will be reviewed for Medical Necessity, length of stay, and level of care. All acute inpatient rehabilitation (AIR) admissions, long-term acute care (LTAC) admissions, and Skilled Nursing Facility (SNF) admissions are subject to Medical Necessity review pre-admission. If you have questions about Prior Authorization or Pre-Admission Notification, please contact Surest Member Services.

If you are using an out-of-network Provider, you are responsible for ensuring that any necessary Prior Authorizations and Pre-Admission Notifications have been obtained or the services may not be covered by the Surest Plan. Contact Surest Member Services prior to obtaining services to determine whether Prior Authorization is required or ask your Provider to contact the pre-certification number on your member ID card.

What Are My Benefits?

If your Prior Authorization or Pre-Admission Notification is denied, you will receive an explanation of why it was denied and how you can appeal (including how to request expedited review). This information can also be found in Section 8 (What Do I Do If My Claim Is Denied).

5.4 Transition of Care and Continuity of Care

If you are new to the Surest Plan and are actively receiving treatment from a Provider who is not in our network, you may be eligible to receive Transition of Care Benefits. Transition of Care Benefits allow you the option to request coverage from your current out-of-network Provider at in-network copayments for a limited time due to a qualifying medical condition until the safe transfer to an in-network Provider can be arranged. Transition of Care Benefits are managed on a case-by-case basis.

If you are currently covered by the Surest Plan and your health care Provider leaves the network, you can apply for Continuity of Care. If you have medical reasons preventing immediate transfer to a network provider, Continuity of Care Benefits will allow you the option to request extended care from your out-of-network Provider while paying in-network copayments until a safe transition can be made to an in-network Provider. Continuity of Care Benefits are managed on a case-by-case basis.

If you are currently receiving treatment for Covered Health Services from a Provider whose network status changes from in-network to out-of-network during such treatment due to termination (non-renewal or expiration) of the Provider's contract, you may be eligible to request continued care from your current Provider under the same terms and conditions that would have applied prior to termination of the Provider's contract for specified conditions and timeframes. This provision does not apply to Provider contract terminations for failure to meet applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care benefits, call Surest Member Services for assistance.

The following criteria must be met for your Transition of Care or Continuity of Care application to be considered:

7. Claims Procedures

When you receive in-network services, the Provider will generally collect your copayment from you at the time of your treatment and send a medical Claim to the Surest Plan for payment. Sometimes out-of-network Providers will do the same. Other times, out-of-network Providers may bill you for the total cost of your treatment, and you will need to submit the medical Claim to the Surest Plan to be reviewed for Benefits. Whether you pay out-of-pocket, or your Provider bills the Surest Plan directly, you are still entitled to the same Benefits.

If you receive a bill from your Provider (whether in-network or out-of-network) for the Surest Plan's portion of the costs, or you pay for your medical care out-of-pocket and need to be reimbursed, you must submit a medical Claim to the Surest Plan. This section summarizes the procedures you must follow to submit a medical Claim for payment, and the procedures the Surest Plan will use to determine whether and how much to pay for that medical Claim.

If you would like more details about medical Claims procedures and your rights and responsibilities, contact Surest Member Services.

Regular Post-Service Medical Claims

Post-service medical Claims are non-urgent medical Claims processed after you have received treatment. Pre-Service and Urgent Care Request for Benefits are described in Section 8 (What Do I Do If My Claim Is Denied). Generally, you do not need to file a medical Claim for services from in-network Providers; the Provider will handle the filing of the medical Claim. For out-of-network Providers that do not file medical Claims or if you receive Emergency care outside the United States and are seeking reimbursement from the Surest Plan, you can submit a medical Claim using this procedure.

You can submit a post-service medical Claim by mail to the address on your member ID card. You will need to provide several pieces of information for Surest to be able to process your medical Claim and determine the appropriate Surest Plan Benefits:

- The name and birthdate of the Participant who received the care.
- The Participant ID listed on the Surest member ID card.
- An itemized bill from your Provider, which should include:
 - The Provider's name, address, tax identification number, NPI number, and license number (if available).
 - The date(s) the Participant received care.
 - The diagnosis and procedure codes for each service provided.
 - The charges for each service provided.
- Information about any other health coverage the Participant has.
- Proof of payment may be requested to substantiate your medical Claim but is not required upon initial submission to Surest.

Regular Post-Service Pharmacy Claims

See Section 12 (Outpatient Prescription Drugs).

Other General Claims Procedures

Your medical Claim must be submitted within one year from the date you received the health care services. If you are not capable of submitting a Claim within one year, you must submit the Claim as soon as reasonably possible. If your Claim relates to an inpatient stay, the date you were discharged counts as the date you received the health care service for Claims purposes.

You will receive a decision within 30 days of submitting your Claim. If we need more information on a Claim, we will reach out to you to request that additional information, but we will still make a decision on your Claim within 30 days. If you submit the requested additional information after a decision has been made, we may adjust our decision and reprocess your Claim accordingly.

Claims for medical (non-pharmacy) Benefits will be reviewed by Surest. If more time is needed to decide your Claim, we may request a one-time extension of not more than 15 days.

If a Claim for a welfare benefit is denied or ignored, in whole or in part, a Participant has a right to know why this was done, to obtain copies of documents (without charge) relating to the decision, and to appeal any denial, all within certain time schedules.

Notice of Adverse Claim Determination

If your medical Claim is denied in whole or in part, you will receive a written notice of denial. The notice will be written in an understandable and, where required by law, in a culturally and linguistically appropriate manner and will include all of the following:

- Information sufficient to identify the medical Claim involved (including the date of service, the health care Provider, and the medical Claim amount [if applicable]); you can also request from the Claims Administrator the diagnosis and treatment codes, and their explanation.
- The specific reason or reasons for the denial, the denial code and its meaning and a description of the Plan standard, if any, that was used in denying the Claim and a discussion of the decision.
- The specific reference to the relevant Plan provision on which the decision is based.
- A description of additional information needed to support your medical Claim and an explanation of why it is needed.
- Information about how to appeal your Claim, if you want to pursue it further; you may contact the Center for Consumer Information & Insurance Oversight (CCIIO) to raise complaints - in addition to avenues through the State such as ombudsman.
- A statement about available external review processes, including information on how to initiate the review.

- If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the decision, either a copy of the document or a statement that such a document was relied on and that a copy will be provided (free of charge) upon request.
- Either an explanation of the scientific or clinical judgment for the decision (applying the Plan terms to your medical circumstances) or a statement that such an explanation was relied on and that a copy will be provided (free of charge) upon request, if the decision was based on a limit (for example, a decision that the proposed service is not Medically Necessary).
- A description of the expedited review process in the case of a denial concerning a Claim involving urgent care. If we tell you about our decision orally within the timeframes required, we will follow up within three business days with a written or electronic notice.
- A statement about the availability of contact information for any applicable office of health insurance consumer assistance or ombudsman established to assist individuals with the internal claims and appeals and external review processes.
- A description of any voluntary processes the Plan offers.

Review of a Medical Appeal

Sarest will conduct a full and fair review of your medical Claim appeal.

You can send written comments, documents, records, and any other information you think will help decide the medical Claim appeal.

You are entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other information relevant to the Participant's medical Claim for Benefits. "Relates to" means at least one of the following:

- That we used the information to make the Benefit determination.
- The information was submitted, used, or created while making the Benefit determination.
- The information shows that we made the Benefit determination based on your Plan documents and made the same decision for other Plan Participants in the same situation.
- The information is one of our policies or guidance.

When Sarest reviews your medical Claim appeal, Sarest will take into account all comments, documents, records, and other information you give, even if we did not have that information when we denied the medical Claim.

Sarest adheres to the following review practices:

- The appeal will be reviewed by an appropriate individual(s) who did not make the initial Benefit determination and who does not report to the person who did make the initial Benefit determination.

What Do I Do If My Claim Is Denied?

- If your medical Claim involves medical judgment or whether the medical Claim is about investigational or Experimental services, the appeal will be reviewed by a health care professional with appropriate expertise who was not consulted during the initial Benefit determination process.
- Surest will review all medical Claims in accordance with the rules established by the U.S. Department of Labor and applicable state law.
- Our reviewers avoid conflicts of interest and act independently and impartially. We do not hire, pay, terminate, promote, make decisions, or incentivize medical Claims reviewers to make denials.

Once the review is complete, if Surest upholds the denial, you will receive a written explanation of the reasons and facts relating to the denial.

If you are not satisfied with the first-level medical Claim appeal decision, you have the right to request a second-level medical Claim appeal within 60 days of receipt of the first-level medical Claim appeal determination.

Access to New or Additional Information

If you ask, we will give you the identification of any medical expert who gave an opinion – whether or not we used that opinion to decide your medical Claim. Any Participant will be automatically provided, free of charge, and sufficiently in advance of the date on which the notice of final internal Adverse Benefit Determination is required, with: (i) any new or additional evidence considered, relied upon, or generated by the Surest Plan in connection with the medical Claim; and (ii) a reasonable opportunity for any Participant to respond to such new evidence or rationale.

Pre-Service and Urgent Care Request for Benefits

A pre-service request for Benefits is a type of Benefit request that requires Prior Authorization but is not urgent. An urgent care request for Benefits is a special type of Prior Authorization that occurs when a delay in treatment could seriously jeopardize your life or health or the ability to regain maximum function or, in the opinion of a Physician with knowledge of your medical condition, could cause severe pain. Because your Provider is the one who initiates Prior Authorization, it will usually be your Provider who will request expedited processing. An urgent care request for Benefits will be decided as soon as possible, taking into account the medical exigencies, but no more than 72 hours after we receive your request. Urgent care requests for Benefits filed improperly or missing information may be denied.

If your pre-service or urgent care request for Benefits is denied, you will receive an explanation of why it was denied and how you can appeal (including how to request an expedited review).

Timing of Medical Claim Appeals Determinations

Separate schedules apply to the timing of Benefit requests and medical Claim appeals, depending on the type of request. There are four types of requests:

- **Urgent Care Request for Benefits:** A request for Benefits provided in connection with urgent care services.

What Do I Do If My Claim Is Denied?

- **Concurrent Care Requests:** A request to extend an already approved ongoing course of treatment that was approved for a specific period of time or a specific number of treatments. If the request is urgent, we will follow the urgent care request for Benefits and appeals process. If it is not urgent, it will be treated like a new request for services and will follow the Pre-Service Request for Benefits and Appeal process.
- **Pre-Service Request for Benefits:** A request for Benefits which the Surest Plan must approve or for which you must notify Surest before non-urgent care is provided.
- **Post-Service Medical Claim Request for Benefits:** A medical Claim for reimbursement of the cost of non-urgent care that has already been provided.

Please note that the decision is based only on whether or not Benefits are available under the Surest Plan for the proposed treatment or procedure.

You may have the right to external review through an Independent Review Organization (IRO) upon completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in a decision letter to you from Surest.

The tables below describe the time frames which you and Surest are required to follow.

Concurrent Care Request for Benefits

In some cases, you may have an ongoing course of treatment approved for a specific period of time or a specific number of treatments, and you may want to extend that course of treatment. This is called a Concurrent Care Claim.

If your extension request is not “urgent” (as defined in the previous section), your request will be considered a new request and will be decided according to the applicable procedures and timeframes. If your request for an extension is urgent you may request expedited processing.

If an ongoing course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent care request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. Surest will make a determination on your request for the extended treatment within 24 hours from receipt of your request. If we inform you about our decision orally, we will follow up within three business days with a written or electronic notice.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent care request for Benefits and decided according to the timeframes described above. If an ongoing course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

Please note that the decision is based only on whether or not Benefits are available under the Surest Plan for the proposed treatment or procedure.

If your Concurrent Care Claim is denied, you will receive an explanation of why it was denied and how you can appeal (including how to request expedited review). You may have the right to an external review through an Independent Review Organization (IRO) upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in decision letter to you from Surest.

Notice of Claim Denial on Appeal

If your Claim is denied on review, the reviewer will provide you with a notice of the Adverse Benefit Determination that will:

- Be written in a manner designed to be understood by an average individual and, where required by law, in a culturally and linguistically appropriate manner.
- Include information sufficient to identify the Claim involved (including the date of service, the health care Provider, and the Claim amount [if applicable]); you can also request from the reviewer the diagnosis and treatment codes and their explanation.
- Include the specific reasons for the Adverse Benefit Determination (including the denial code and its meaning and a description of the Plan's standard, if any, that was used in denying the Claim and a discussion of the decision).
- Refer to the specific Plan provisions on which the determination was based.
- Inform you that, upon request and free of charge, you are entitled to reasonable access to, and copies of, all documents, records, and other information relevant to the Claim for Benefits.
- Include a copy of any internal rule, protocol or criterion that was relied on in making the determination or indicate that a copy of such material is available (free of charge) upon request.
- Either explain the scientific or clinical judgment made or indicate that such an explanation is available upon request, free of charge, if the determination was based on Medical Necessity or similar exclusion or limit.
- Contain a statement about the availability of contact information for any applicable office of health insurance consumer assistance or ombudsman established to assist individuals with the internal claims and appeals and external review processes.
- A statement about any voluntary appeal procedures your Plan may offer.
- Notify you that you can contact the Department of Labor or State Insurance Regulatory Agency to learn about other voluntary alternative dispute resolution options.

The reviewer's decision on appeal is the final internal Adverse Benefit Determination.

Review of an Appeal

Surest will conduct a full and fair review of your appeal. The appeal may be reviewed by:

- An appropriate individual(s) who did not make the initial benefit determination.
- A health care professional with appropriate expertise who was not consulted during the initial benefit determination process.

Once the review is complete, if Surest and/or Florida Fire Fighters Insurance Trust Fund uphold the denial, you will receive a written explanation of the reasons and facts relating to the denial.

Federal External Review Program

If, after exhausting your internal appeals, you are not satisfied with the determination made by Surest and/or Florida Firefighters Insurance Trust Fund, you may be entitled to request an external review. The process is available at no charge to you.

You can also start the external review process without exhausting the internal appeals if Surest fails to follow the internal appeals process described above (unless it is a minor failure).

If one of the above conditions is met, you may request an external review of Adverse Benefit Determinations based upon any of the following:

- Medical judgement and/or Clinical reasons — for example Medical Necessity, appropriateness, health care setting, level of care, and effectiveness of a covered Benefit.
- A determination that a treatment, service, drug, or device is an Experimental or Investigational Service(s) or Unproven Service(s).
- Whether a Participant is entitled to a reasonable alternative standard for a reward under a wellness program.
- A determination as to whether a Plan is complying with non-quantitative mental health parity requirements.
- Rescission of coverage (coverage that was cancelled or discontinued retroactively).
- As otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address set out in the determination letter. You or your representative may request an expedited external review, in urgent situations as detailed below, call Surest Member Services or by sending a written request to the address set out in the determination letter. A request must be made within 120 days after the date you received the final internal Adverse Benefit Determination letter from Surest.

An external review request should include all of the following:

- A specific request for an external review.
- The Participant's name, address, and member ID number.
- Your designated representative's name and address, when applicable.
- The service that was denied.
- Any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an Independent Review Organization (IRO). Surest has entered into agreements with three or more IROs that have agreed to perform such reviews. There are two types of external reviews available, and both are free to you.

Standard External Review

A standard external review comprises of all of the following:

- A preliminary review by Surest of the request completed within five business days following Surest's receipt of the request.
- A referral of the request by Surest to the IRO.
- A decision by the IRO.

Within the applicable timeframe after receipt of the request, Surest will complete a preliminary review to determine whether the individual for whom the request was submitted meets all of the following criteria:

- Is or was covered under the Surest Plan at the time the health care service or procedure that is at issue in the request was provided.
- The denial does not relate to your eligibility to participate in the Plan.
- Has exhausted the applicable internal appeals process or is deemed to have exhausted the internal appeals process.
- Has provided all the information and forms required for Surest to process the request.

After completing the preliminary review, Surest will issue a notification in writing to you within one business day. If the request is eligible for external review, Surest will assign an IRO to conduct such review. Surest will assign requests by either rotating assignments among the IROs or by using a random selection process.

If the request is complete but not eligible for external review, Surest will provide notification that includes the reasons for ineligibility and contact information for the Employee Benefits Security Administration. If the request is not complete, the notification will describe the information or materials needed to make the request complete; you will have at least 48 hours (or, if longer, until the end of the four-month filing period) to complete the request.

The IRO will timely notify you in writing whether the request is eligible for external review. Within 10-business days following the date of receipt of the notice, you may submit in writing to the IRO additional information for the IRO to consider in conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted by you after 10-business days.

Surest will provide to the assigned IRO the documents and information considered in making the determination, including:

- All relevant medical records.
- All other documents relied upon by Surest.
- All other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request and Surest will include it with the documents forwarded to the IRO.

In reaching a decision, the IRO will review the Claim as new and not be bound by any decisions or conclusions reached by Surest. The IRO will provide written notice of its determination (the “Final External Review Decision”) within 45 days after receiving the request for the external review (unless they request additional time, and you agree). The IRO will deliver the notice of Final External Review Decision to you and Surest, and it will include the clinical basis for the determination.

Upon receipt of a Final External Review Decision reversing the determination made by Surest, the Surest Plan will immediately provide coverage or payment for the Benefit Claim at issue in accordance with the terms and conditions of the Surest Plan, and any applicable law regarding Plan remedies. If the Final External Review Decision is that payment or referral will not be made, the Surest Plan will not be obligated to provide Benefits for the health care service or procedure.

Expedited External Review

An expedited external review is similar to a standard external review. The time for completing the review process is much shorter, and in some instances, you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review if you receive either of the following:

- An Adverse Benefit Determination of a Claim or appeal if the Adverse Benefit Determination involves a medical condition for which the time frame for completion of an expedited internal appeal would seriously jeopardize the life or health of the individual or would jeopardize the individual’s ability to regain maximum function and you have filed a request for an expedited internal appeal.
- A final appeal decision, if the determination involves a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the individual or would jeopardize the individual’s ability to regain maximum function, or if the final appeal decision concerns an admission, availability of care, continued stay, or health care service, procedure, or product for which the individual received Emergency services, but has not been discharged from a facility.

Immediately upon receipt of the request, Surest will determine whether the individual meets both of the following criteria:

- Is or was covered under the Surest Plan at the time the health care service or procedure that is at issue in the request was provided.
- Has provided all the information and forms required so that Surest may process the request.

After completing the review, Surest will immediately send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, Surest will assign an IRO in the same manner Surest utilizes to assign standard external reviews to IROs. Surest will provide all necessary documents and information considered in making the Adverse Benefit Determination or final Adverse Benefit Determination to the assigned IRO electronically, by telephone, facsimile, or any other available expeditious method. The IRO, to the extent the

information or documents are available and the IRO considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the IRO will review the Claim as new and not be bound by any decisions or conclusions reached by Surest. The IRO will provide notice of the final external review decision for an expedited external review as expeditiously as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request. If the initial notice is not in writing, within 48 hours after the date of providing the initial notice the assigned IRO will provide written confirmation of the decision to you and to Surest.

You may contact Surest Member Services for more information regarding external review rights, or if you are making a verbal request for an expedited external review.

Limitation of Action

You cannot bring any legal action against the Plan Administrator or Claim Administrator to recover reimbursement until 90 days after you have properly submitted a request for reimbursement as described in this section and all required reviews of your Claim have been completed.

9. Continuation of Coverage

COBRA Continuation Coverage

Under certain circumstances, a Participant may elect to continue coverage under the Surest Plan in accordance with COBRA.

A Participant whose coverage is ending may be able to elect to continue the coverage. Continued coverage shall be provided as required under COBRA. The Plan Sponsor shall, within the parameters of the law, establish uniform policies for the purpose of providing such continuation of coverage.

COBRA requires most employers with 20 or more employees to offer employees and their families the opportunity to pay for a temporary extension of coverage (called “continuation coverage”) at group rates in certain instances where coverage would otherwise end. This information is provided with respect to the Surest Plan.

There is no requirement that a person be insurable to elect continuation coverage. However, a person who continues coverage may be required to pay the entire premium for the continuation coverage until the end of the maximum coverage period.

This notice is intended to inform Participants under the Surest Plan, in summary fashion, of their rights and obligations under the continuation coverage provisions of this law. It does not fully describe your continuation coverage rights. For additional information about your rights and obligation under the Surest Plan and under federal law, you should contact the Plan Administrator. It is intended that no greater rights be provided than those required by the law.

Other options may be available when a person loses group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse’s plan), even if that plan generally does not accept late enrollees.

Surviving Spouse Benefit

In addition to any rights under COBRA continuation coverage, the surviving spouse of a deceased Member shall be entitled to continue coverage for the spouse and Eligible Dependents by paying the cost for coverage subject to the following conditions:

1. In order for the surviving spouse to be eligible for benefits, the Member, at the time of his/her death, must have been an active or inactive Member of a participating union and a Member in this Plan for at least 12 consecutive months immediately prior to his/her death or continuously from the time when the Member was first eligible to participate in the Plan.
2. The surviving spouse has 60 days after the death of the Member to apply for this benefit and coverage must be continuous following the Member’s death.

3. The surviving spouse benefit shall terminate when the surviving spouse remarries.

When Continuation Coverage is Available

Continuation Coverage is available in the following circumstances:

- **Qualifying Event.** A qualifying event is the occurrence of a specified event (described below) that results in a loss of coverage under the terms of the Surest Plan. Upon the occurrence of a “qualifying event,” each person that loses coverage has rights as a “qualified beneficiary.”
- **Qualified Beneficiary.** A qualified beneficiary is the employee and/or the employee’s spouse or dependent children who on the day before the qualifying event were covered under the Surest Plan. In addition, a child who is born to or placed for adoption with a covered employee during a period of COBRA continuation coverage is a qualified beneficiary. Furthermore, an individual for whom the employee must provide coverage under the Surest Plan pursuant to a Qualified Medical Child Support order (QMCSO) is a qualified beneficiary.
- **Employee Loss of Coverage.** If covered by the Surest Plan, the employee has the right to elect continuation coverage if they lose coverage under the Surest Plan due to termination of employment (other than for gross misconduct) or a reduction in hours of employment.
- **Spouse or Dependent Child’s Loss of Coverage.** If covered by the Surest Plan, a spouse or dependent child has the right to elect continuation coverage if they lose coverage under the Surest Plan due to any of the following:
 - The employee’s termination of employment (other than for gross misconduct) or a reduction in hours of employment.
 - The employee’s death.
 - The employee’s entitlement to (actual coverage under) Medicare.
 - The spouse or child ceasing to be a dependent under the terms of the Surest Plan.

Participant’s Responsibility to Notify

In certain circumstances, you are required to provide notification to the Plan Administrator to protect your rights under COBRA. These circumstances are:

- **Notice of Qualifying Event.** Under the law, the Participant (or a representative acting on behalf of the Participant) has the responsibility to inform the Plan Administrator of a spouse or child losing dependent status under the Surest Plan within 60 days of the latest of:
 - The date of the qualifying event.
 - The date coverage would be lost because of the qualifying event.
 - The date on which the qualified beneficiary was informed of the responsibility to provide the notice and the procedures for doing so.

The notice must be provided in writing and be mailed to the Plan Administrator at the address identified below. Oral notice by telephone is not acceptable. Electronic

(including emailed or faxed) or hand-delivered notices are not acceptable. Your notice must be postmarked no later than the last day of the 60-day notice period described above. The notice must:

- State the name of the Surest Plan.
- State the name and address for the employee or former employee who is or was covered under the Surest Plan.
- State the name(s) and address(es) of all qualified beneficiaries who lost coverage due to the qualifying event.
- Include a detailed description of the event.
- Identify the Effective Date of the event.
- Be accompanied by any documentation providing proof of the event (e.g., a death certificate).

If the required notification is not received within the required time period, no continuation coverage will be provided. If the notification is incomplete, it will be deemed timely if the Plan is able to determine the plan to which it applies, the identity of the employee and the qualified beneficiaries, the qualifying event, and the date on which the qualifying event occurred, provided that the missing information is provided within 30 days. If the missing information is not provided within that time, the notification will be ineffective, and no continuation coverage will be provided.

- **Notice of the Second Qualifying Event.** In addition, the Participant (or a representative acting on behalf of the Participant) must notify the Plan of the death of the employee or a spouse or dependent child ceasing to be eligible for coverage as a dependent under the Surest Plan, if that event occurs within the 18-month continuation period (or an extension of that period for disability or for pre-termination Medicare entitlement). The notification must be provided within 60 days after such a second qualifying event occurs for the qualified beneficiary to be entitled to an extension of the continuation period. The notification must be provided in writing and be mailed to the Plan at the address identified below. Oral notice, including notice by telephone, is not acceptable. Electronic (including emailed or faxed) or hand-delivered notices are not acceptable. Your notice must be postmarked no later than the last day of the 60-day notice period described above. The notification must:
 - State the name of the Surest Plan.
 - State the name and address for the employee or former employee who is or was covered under the Surest Plan.
 - State the name(s) and address(es) of all qualified beneficiaries who lost coverage due to the qualifying event and who are receiving COBRA coverage at the time of the notice.
 - Identify the nature and date of the initial qualifying event that entitled the qualified beneficiaries to COBRA coverage.
 - Include a detailed description of the event.
 - Identify the Effective Date of the event.

- Be accompanied by any documentation providing proof of the event (e.g., divorce decree).

If the required notification is not received within the required time period, no extension of the continuation coverage will be provided. If the notification is incomplete, it will be deemed timely if the Plan is able to determine the plan to which it applies, the identity of the employee and the qualified beneficiaries, the qualifying event, and the date on which the qualifying event occurred, provided that the missing information is provided within 30 days. If the missing information is not provided within that time, the notification will be ineffective, and no extension of the continuation period will be provided.

- **Notice of Disability.** The Participant (or a representative acting on behalf of the Participant) must notify the Plan Administrator when a qualified beneficiary has been determined to be disabled under the Social Security Act within 60 days of the latest of:
 - The date of the disability determination.
 - The date of the qualifying event.
 - The date coverage would be lost because of the qualifying event.
 - The date on which the qualified beneficiary was informed of the responsibility to provide the notice and the procedures for doing so.

In addition, the notice must be provided before the end of the first 18 months of continuation coverage.

The notice must be provided in writing and be mailed to the Plan Administrator at the address identified below. Oral notice, including notice by telephone, is not acceptable. Electronic (including emailed or faxed) or hand-delivered notices are not acceptable. Your notice must be postmarked no later than the last day of the 60-day notice period described above. The notification must:

- State the name of the Surest Plan.
- State the name and address of the Employee or former employee who is or was covered under the Surest Plan.
- State the name(s) and address(es) of all qualified beneficiaries who lost coverage due to the initial qualifying event and who are receiving COBRA coverage at the time of the notice.
- Identify the nature and date of the initial qualifying event that entitled the qualified beneficiaries to COBRA coverage.
- State the name of the disabled qualified beneficiary.
- Identify the date upon which the Social Security Administration made its determination of disability.
- Include a copy of the determination of the Social Security Administration.

If the required notification is not received within the required time period, no extension of the continuation period will be provided. If the notification is incomplete, it will be deemed timely if the Plan is able to determine the Plan to which it applies, the identity of

the Employee and the qualified beneficiaries, the qualifying event, and the date on which the qualifying event occurred, provided that the missing information is provided within 30 days. If the missing information is not provided within that time, the notification will be ineffective, and no extension of the continuation period will be provided.

If such person has been determined under the Social Security Act to no longer be disabled, the person must notify the Plan Administrator of that determination with 30 days or the later of:

- The date of the termination.
- The date on which the qualified beneficiary was informed of the responsibility to provide the notice and the procedures for doing so.

The notice must be in writing and be mailed to the Plan Administrator at the address identified below. Regardless of when the notification is provided, continuation coverage will terminate retroactively on the first day of the month that begins 30 days after the date of the determination, or the end of the initial coverage period, if later. If you do not provide the notification within the required time, the Surest Plan reserves the right to seek reimbursement of any Benefits provided by the Surest Plan between the date coverage terminates and the date the notification is provided.

Failure to provide timely and complete notice ends the right to COBRA continuation coverage.

Election Rights

When a qualifying event occurs, or when the Plan Administrator is notified that a qualifying event has occurred in the case of those events in which the employee has an obligation to provide notice, the Plan Administrator must notify the qualified beneficiaries of the right to elect continuation coverage. Qualified beneficiaries have 60 days to elect continuation coverage measured from the later of:

- The date coverage would be lost because of a qualifying event.
- The date a notice of election rights is provided.

An election is considered made on the date sent. If continuation coverage is elected within this period, the coverage is retroactive to the date coverage would otherwise have been lost. If continuation coverage is not elected within this period, coverage under the Surest Plan ends.

Each qualified beneficiary has an independent right to elect continuation coverage. Employees may elect continuation coverage on behalf of all qualified beneficiaries, and parents may elect continuation coverage on behalf of their children. Furthermore, other third persons can elect continuation coverage on behalf of a qualified beneficiary.

Qualified beneficiaries are allowed to maintain continuation coverage as follows:

- **18 months.** If the qualifying event is the employee's termination of employment (other than for gross misconduct) or a reduction in hours of employment, the continuation period is 18 months measured from the date coverage would otherwise be lost because of the qualifying event.
- **Disability Extension.** For qualified beneficiaries receiving continuation coverage because of the employee's termination or reduction in hours, the continuation period may be extended 11 months, for a total maximum of 29 months, where a qualified beneficiary receives a determination under the Social Security Act that at the time of the employee's termination of employment or reduction of hours, or within 60 days of the start of the 18-month continuation period, the qualified beneficiary was disabled. The extension is available to all qualified beneficiaries in the family group.
- **Pre-Qualifying Event Medicare Extension.** The 18-month continuation period may be extended if the employee became entitled to (actually covered under) Medicare prior to the employee's termination of employment (other than for gross misconduct) or a reduction in hours. Qualified beneficiaries other than the employee are entitled to the greater of:
 - 18 months measured from the qualifying event.
 - 36 months measured from the date of the employee's Medicare entitlement.
- **36 months.** For qualifying events other than termination of employment (other than for gross misconduct) or a reduction in hours, the continuation period is 36 months measured from the date coverage would otherwise be lost because of the qualifying event.
- **Second Qualifying Events.** If during the initial 18-month continuation period (or during an extension of that period for disability or for pre-termination Medicare entitlement) a second qualifying event occurs (e.g., death of employee, loss of dependent status) that would have caused the qualified beneficiary to lose coverage under the Surest Plan had the first qualifying event not occurred, the continuation period for the particular qualified beneficiaries affected by the second qualifying event may be extended to 36 months.

Under no circumstances may the total continuation period be greater than 36 months from the date coverage would otherwise be lost because of the original qualifying event that triggered the continuation coverage.

Type of Coverage

Initially, continuation coverage will be the same coverage as immediately preceding the qualifying event. Thereafter, continuation coverage must be identical to the coverage provided to similarly situated employees and dependents that have not experienced a qualifying event. Qualified beneficiaries who have elected COBRA will be given the same opportunity available to similarly situated active employees to change their coverage options or to add or eliminate coverage for dependents at Open Enrollment. In addition, Special Enrollment Rights under HIPAA will apply to those who have elected COBRA.

Under the law, a person electing continuation coverage may be required to pay all or part of the cost of continuation coverage. You will receive additional information regarding the cost requirements following the occurrence of a qualifying event. The amount charged cannot exceed 102% of the cost to the plan providing the coverage. The amount charged may be increased to 150% for the months after the 18th month of continuation coverage when the additional months are due to a disability under the Social Security Act. Payment is generally due monthly. Payment is considered “made” on the postmark date.

The law provides that continuation coverage shall automatically end before the end of the maximum continuation period for any of the following reasons:

- The employer no longer provides group health coverage to any of its employees.
- The premium for continuation coverage is not paid on time (including any applicable grace period).
- After electing COBRA, the qualified beneficiary becomes covered under another group plan (as an employee or otherwise) that has no exclusion or limitation with respect to any preexisting condition of the qualified beneficiary.
- After electing COBRA coverage, the qualified beneficiary becomes entitled to (actually covered under) Medicare.

The Participant (or a representative acting on behalf of the Participant) must notify the Plan Administrator immediately if any qualified beneficiary actually becomes covered by another group health plan or Medicare. Regardless of when such notification is provided, coverage will terminate on the date of the coverage under the other group health plan or Medicare. If, for whatever reason, a qualified beneficiary receives any Benefits under the Surest Plan after coverage is to cease under these rules, the Surest Plan reserves the right to seek reimbursement from the qualified beneficiary.

Insurability and Conversion. A qualified beneficiary does not have to demonstrate insurability to elect continuation coverage. At the conclusion of the available continuation coverage, the Plan Administrator will provide an opportunity to convert to individual coverage if such coverage is offered under the Surest Plan.

Address Changes. Important information is distributed by mail. To protect your rights and the rights of your family, if a qualified beneficiary’s address changes, the qualified beneficiary or someone on his/her behalf should notify the Plan Administrator immediately.

Other Coverage Options. Instead of enrolling in COBRA continuation coverage, there may be other coverage options through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse’s plan) through what is called a “special enrollment period.” Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at [healthcare.gov](https://www.healthcare.gov).

More Information. You should contact the Plan Administrator with any questions about COBRA continuation coverage. Also, for more information about COBRA, HIPAA, and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor’s Employee Benefits Security Administration (EBSA) in your area or visit

the EBSA website dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.)

Continuation Rights under Uniformed Services Employment and Reemployment Rights Act (USERRA)

Although USERRA protections look similar to COBRA protections, USERRA rights are separate and independent from COBRA rights.

In addition to COBRA rights, a Participant may be entitled to continue coverage under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA). USERRA requires your employer to offer employees and their spouse and/or dependent children the opportunity to pay for a temporary extension of health coverage (called "USERRA continuation coverage") at group rates where health coverage under employer-sponsored group health plan(s) would otherwise end because of the employee's service in the uniformed services (e.g., for service in the military).

This section is intended to inform Participants, in summary fashion, of their rights and obligations under the continuation coverage provision of USERRA. It is intended that no greater rights be provided than those required by this law. It does not fully describe your USERRA continuation coverage rights. For additional information about your rights and obligations under the Surest Plan and under federal law, you should contact the Plan Administrator.

Service Leave Event. If covered under the Surest Plan, the employee has the right to elect USERRA continuation coverage for him/herself, his/her spouse, and his/her dependents if they lose coverage under the Surest Plan due to an absence from employment for service in the uniformed services (a "service leave").

Service in the Uniformed Services. Service in the uniformed services generally means the voluntary or involuntary performance of duties in the uniformed services. The uniformed services include the Armed Forces, the Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty for training, or full-time National Guard duty, the corps of the Public Health Service, and the National Disaster Medical System when providing services as an intermittent disaster response appointee following federal activation or attending authorized training in support of its mission.

Election Rights. You have 60 days to elect USERRA continuation coverage, measured from the date your absence from employment for the purpose of performing service begins. An election is considered made on the postmark date. If USERRA continuation coverage is elected within this period, the coverage is retroactive to the date coverage would otherwise have been lost. If USERRA continuation coverage is not elected within this period, coverage under the Surest Plan ends. However, if no election is made in a situation in which you are not required (in accordance with USERRA) to provide advance notice of your service (e.g., because such notice was impossible, unreasonable, or precluded by service necessity), your coverage will be reinstated on a retroactive basis upon your election to continue coverage (regardless of when it is received) and payment of all unpaid amounts due.

Unlike COBRA, USERRA does not give your spouse or dependent child(ren) an independent right to elect USERRA continuation coverage. Their coverage may be continued only if you elect USERRA continuation coverage.

Maximum Continuation Period. The law requires that you generally be allowed to maintain USERRA continuation coverage for a 24-month period beginning on the date of your absence from employment for the purpose of performing service begins.

Type of Coverage. Initially, the coverage will be the same coverage as immediately preceding your service leave. Thereafter, coverage will be the same as the coverage provided to similarly situated employees or dependents that are not on service leave.

Cost. A Participant electing USERRA continuation coverage may be required to pay all or part of the cost of USERRA continuation coverage. If you perform service in the uniformed services for fewer than 31 days, you will pay the same amount for the coverage that you normally pay. If your service exceeds 30 days, the amount charged cannot exceed 102% of the cost to the Plan providing the coverage. Payment is generally due monthly on the first day of the month. Payment is considered made on the postmarked date. You will be given a grace period of 30 days within which to make the payment.

Termination of the Continuation Coverage. The USERRA continuation coverage may be terminated before the end of the maximum continuation period for any of the following reasons:

- The employer no longer provides group health coverage to any of its employees.
- The premium for USERRA continuation coverage is not paid on time (including the grace period).
- Termination for cause under the generally applicable terms of the Surest Plan (e.g., submission of fraudulent benefit Claims).

10.2 Coordination of Benefits

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Surest Plan will be coordinated with those of any other plan that provides benefits to you. The language in this section is from model laws drafted by the *National Association of Insurance Commissioners (NAIC)* and represents standard industry practice for coordinating Benefits.

When Does Coordination of Benefits Apply?

This *Coordination of Benefits (COB)* provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The plan that pays first according to the rules will pay as if there were no other plan involved. The secondary and subsequent plans will pay the balance due up to 100% of the total Allowable Charge (defined below).

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits.

- **Primary Plan.** The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses.
- **Secondary Plan.** The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense. Allowable Expense is defined below.

Definitions

For purposes of this section, terms are defined as follows:

- A. **Plan.** A Plan is any of the following that provides Benefits or services for medical, pharmacy, or dental care or treatment. If separate contracts are used to provide coordinated coverage for Participants of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.
1. Plan includes group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans, or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
 2. Plan does not include hospital indemnity coverage insurance or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

- B. **This Plan.** This Plan means, in a COB provision, the part of the contract providing the health care Benefits to which the COB provision applies, and which may be reduced because of the benefits of other Plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- C. **Order of Benefit Determination Rules.** The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it

determines payment for its Benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its Benefits after those of another Plan and may reduce the Benefits it pays so that all Plan Benefits do not exceed 100% of the total Allowable Expense.

- D. **Allowable Expense.** Allowable Expense is a health care expense, including deductibles, coinsurance, and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or according to contractual agreement is prohibited from charging a Participant is not an Allowable Expense.

The following are examples of expenses or services that are not Allowable Expenses:

1. The difference between the cost of a semi-private hospital room and a private room is not an Allowable Expense unless one of the Plans provides coverage for private hospital room expenses.
 2. If a person is covered by two or more Plans that compute their benefit payments on the basis of Usual and Customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
 3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
 4. If a person is covered by one Plan that calculates its benefits or services on the basis of Usual and Customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the Provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the Provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its Benefits.
 5. The amount of any benefit reduction by the Primary Plan because a Participant has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, pre-certification of admissions, and preferred Provider arrangements.
- E. **Closed Panel Plan.** Closed Panel Plan is a Plan that provides health care benefits to Participants primarily in the form of services through a panel of Providers that have contracted with or are employed by the Plan, and that excludes benefits for services provided by other Providers, except in cases of Emergency or referral by a panel member.

- F. **Custodial Parent.** Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year, excluding any temporary visitation.

What Are the Rules for Determining the Order of Benefit Payments?

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.
- B. Except as provided in the next paragraph, a Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying Plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

- C. A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.
- D. Each Plan determines its order of benefits using the first of the following rules that apply:
 - 1. **Employee/Retiree or Dependent.** The Plan that covers the person as an employee, Participant, policyholder, subscriber, or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent and primary to the Plan covering the person as an employee, Participant, policyholder, subscriber, or a retired employee, then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, Participant, policyholder, subscriber, or retiree is the Secondary Plan and the other Plan is the Primary Plan.
 - 2. **Dependent Child Covered Under More Than One Coverage Plan.** Unless there is a court decree stating otherwise, Plans covering a dependent child shall determine the order of benefits as follows:
 - a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan.
 - (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.

- b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
 - (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's Plan is the Primary Plan. This shall not apply with respect to any Plan Year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
 - (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.
 - (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.
 - (4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - (a) The Plan covering the custodial parent.
 - (b) The Plan covering the custodial parent's spouse.
 - (c) The Plan covering the non-custodial parent.
 - (d) The Plan covering the non-custodial parent's spouse.
- c) For a dependent child covered under more than one Plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.
- d) (i) For a dependent child who has coverage under either or both parents' Plans and also has their own coverage as a dependent under a spouse's Plan, the rule in paragraph (5) applies.
 - (ii) In the event the dependent child's coverage under the spouse's Plan began on the same date as the dependent child's coverage under either or both parents' Plans, the order of benefits shall be determined by applying the birthday rule in subparagraph (a) to the dependent child's parent(s) and the dependent's spouse.

- 3. **Active Employee or Retired or Laid-off Employee.** The Plan that covers a person as an active employee (i.e., an employee who is neither laid off nor retired), is the Primary Plan. The same would hold true if a person is a

dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 2.d)(i) above can determine the order of benefits.

4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, Participant, subscriber, or retiree or covering the person as a dependent of an employee, Participant, subscriber, or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 2.d)(i) above can determine the order of benefits.
5. **Longer or Shorter Length of Coverage.** The Plan that covered the person the longer period of time is the Primary Plan, and the Plan that covered the person the shorter period of time is the Secondary Plan.

If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan

- A. When This Plan is secondary, it may reduce its Benefits so that the total Benefits paid or provided by all Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any Claim, the Secondary Plan will calculate the Benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the Claim do not exceed the total Allowable Expense for that Claim. In addition, the Secondary Plan shall credit to its Plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- B. If a Participant is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel Provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.
- C. This Plan reduces its Benefits as described below for Participants who are eligible for Medicare when Medicare would be the Primary Plan.

Medicare benefits are determined as if the full amount that would have been payable under Medicare was actually paid under Medicare, even if:

1. The person is entitled but not enrolled in Medicare. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.
2. The person is enrolled in a Medicare Advantage (Medicare Part C) Plan and receives non-Covered Health Services because the person did not follow all rules of that Plan. Medicare benefits are determined as if the services were covered under Medicare Parts A and B.
3. The person receives services from a Provider who has elected to opt-out of Medicare. Medicare benefits are determined as if the services were covered under Medicare Parts A and B and the Provider had agreed to limit charges to the amount of charges allowed under Medicare rules.
4. The services are provided in any facility that is not eligible for Medicare reimbursements, including a Veterans Administration facility, facility of the Uniformed Services, or any other facility of the federal government. Medicare benefits are determined as if the services were provided by a facility that is eligible for reimbursement under Medicare.
5. The person is enrolled under a Plan with a Medicare Medical Savings Account. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.

Important: If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under this coverage Plan), you should enroll for and maintain coverage under both Medicare Part A and Part B. If you do not enroll and maintain that coverage, and if we are secondary to Medicare, we will pay Benefits under this coverage Plan as if you were covered under both Medicare Part A and Part B. As a result, your out-of-pocket costs will be higher.

If you have not enrolled in Medicare, Benefits will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating Provider if either of the following applies:

1. You are eligible for, but not enrolled in, Medicare and this coverage Plan is secondary to Medicare.
2. You have enrolled in Medicare but choose to obtain services from a doctor that opts-out of the Medicare program.

When calculating this coverage Plan's Benefits in these situations for administrative convenience, we may, as we determine, treat the Provider's billed charges, rather than the Medicare-approved amount or Medicare limiting charge, as the Allowable Expense for both This Plan and Medicare.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine Benefits payable under This Plan and other Plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining Benefits payable under This Plan and other Plans covering the person claiming Benefits.

We need not tell, or get the consent of, any person to do this. Each person claiming Benefits under This Plan must give us any facts we need to apply those rules and determine Benefits payable. If you do not provide the information Surest needs to apply these rules and determine the Benefits payable, your claim for Benefits may be denied.

Payments Made

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

Does This Plan Have the Right of Recovery?

If the amount of the payments we made is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

What is Different When You Qualify for Medicare?

Determining Which Plan is Primary When You Qualify for Medicare

As permitted by law, this Plan will pay Benefits second to Medicare when you become eligible for Medicare, even if you don't elect it. There are, however, Medicare-eligible individuals for whom the Plan pays Benefits first and Medicare pays benefits second:

- Employees with active current employment status age 65 or older and their Spouses age 65 or older (however, Domestic Partners are excluded as provided by Medicare).
- Individuals with end-stage renal disease, for a limited period of time.
- Disabled individuals under age 65 with current employment status and their Dependents under age 65.

10.3 Subrogation, Overpayment and Reimbursement

The Plan has a right to subrogation and reimbursement. References to "you" or "your" in this Subrogation and Reimbursement section shall include you, your estate and your heirs and beneficiaries unless otherwise stated.

Subrogation applies when the plan has paid Benefits on your behalf for a Sickness or Injury for which any third party is allegedly to be responsible. The right to subrogation means that the Plan is substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for the Benefits that the Plan has paid that are related to the Sickness or Injury for which any third party is considered responsible.

Subrogation - Example

Suppose you are injured in a car accident that is not your fault, and you receive Benefits under the Plan to treat your injuries. Under subrogation, the Plan has the right to take legal action in your name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those Benefits.

The right to reimbursement means that if it is alleged that any third party caused or is responsible for a Sickness or Injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to the Plan up to 100% of any Benefits you receive for that Sickness or Injury. The right of reimbursement shall apply to any Benefits received at any time until the rights are extinguished, resolved or waived in writing.

Reimbursement - Example

Suppose you are injured in a boating accident that is not your fault, and you receive Benefits under the Plan as a result of your injuries. In addition, you receive a settlement in a court proceeding from the individual who caused the accident. You must use the settlement funds to return to the plan up to 100% of any Benefits you received to treat your injuries.

The following persons and entities are considered third parties:

- A person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages.
- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages.
- The Plan Sponsor in a workers' compensation case or other matter alleging liability.
- Any person or entity who is or may be obligated to provide Benefits or payments to you, including Benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators.
- Any person or entity against whom you may have any claim for professional and/or legal malpractice arising out of or connected to a Sickness or Injury you allege or could have alleged were the responsibility of any third party.
- Any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

- You will cooperate with the Plan in protecting its legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
 - Notifying the Plan, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable.
 - Providing any relevant information requested by the Plan.

- Signing and/or delivering such documents as the Plan or its agents reasonably request to secure the subrogation and reimbursement claim.
- Responding to requests for information about any accident or injuries.
- Making court appearances.
- Obtaining the Plan's consent or its agents' consent before releasing any party from liability or payment of medical expenses.
- Complying with the terms of this section.

Your failure to cooperate with the Plan is considered a breach of contract. As such, the Plan has the right to terminate your Benefits, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to you or your representative not cooperating with the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.

- The Plan has a first priority right to receive payment on any claim against any third party before you receive payment from that third party. Further, the Plan's first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.
- The Plan's subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, your estate, your heirs and beneficiaries, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium and punitive damages. The Plan is not required to help you to pursue your claim for damages or personal injuries and no amount of associated costs, including attorneys' fees, shall be deducted from the Plan's recovery without the Plan's express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right.
- Regardless of whether you have been fully compensated or made whole, the Plan may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which the Plan may collect include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule, any "Made- Whole Doctrine" or "Make-Whole Doctrine," claim of unjust enrichment, nor any other equitable limitation shall limit the Plan's subrogation and reimbursement rights.
- Benefits paid by the Plan may also be considered to be Benefits advanced.

What Else Do I Need to Know?

- By participating in and accepting Benefits from the Plan, you agree that (i) any amounts recovered by you from any third party shall constitute Plan assets to the extent of the amount of Plan Benefits provided on behalf of the Covered Person, (ii) you and your representative shall be fiduciaries of the Plan (within the meaning of ERISA) with respect to such amounts, and (iii) you shall be liable for and agree to pay any costs and fees (including reasonable attorney fees) incurred by the Plan to enforce its reimbursement rights.

- By participating in and accepting Benefits from the Plan, you agree to assign to the Plan any Benefits, claims or rights of recovery you have under any automobile policy - including no-fault Benefits, PIP Benefits and/or medical payment Benefits - other coverage or against any third party, to the full extent of the Benefits the Plan has paid for the Sickness or Injury. By agreeing to provide this assignment in exchange for participating in and accepting Benefits, you acknowledge and recognize the Plan's right to assert, pursue and recover on any such claim, whether or not you choose to pursue the claim, and you agree to this assignment voluntarily.
- The Plan may, at its option, take necessary and appropriate action to preserve its rights under these provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative or other third party; filing a reimbursement lawsuit to recover the full amount of medical Benefits you receive for the Sickness or Injury out of any settlement, judgment or other recovery from any third party considered responsible and filing suit in your name or your estate's name, which does not obligate the Plan in any way to pay you part of any recovery the Plan might obtain.

- The Plan has the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- In the case of your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries. In the case of your death the Plan's right of reimbursement and right of subrogation shall apply if a claim can be brought on behalf of you or your estate that can include a claim for past medical expenses or damages. The obligation to reimburse the Plan is not extinguished by a release of claims or settlement agreement of any kind.

- The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by any third party. If a parent or guardian may bring a claim for damages arising out of a minor's Sickness or Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.
- If a third party causes or is alleged to have caused you to suffer a Sickness or Injury while you are covered under this Plan, the provisions of this section continue to apply, even after you are no longer covered.

If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.

- The Plan and all Administrators administering the terms and conditions of the Plan's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of its discretionary authority to (1) construe and enforce the terms of the Plan's subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to the Plan.

If the Plan provides a Benefit for you or your Dependent that exceeds the amount that should have been paid, the Plan will:

- Require that the overpayment be returned when requested.
- Reduce a future Benefit payment for you or your Dependent by the amount of the overpayment.

If the Plan provides an advancement of Benefits to you or your Dependent during the time period of meeting the Deductible and/or meeting the Out-of-Pocket Maximum for the calendar year, the Plan will send you or your Dependent a monthly statement identifying the amount you owe with payment instructions. 10.5 Other Information About Your Surest Plan

Conformity with Applicable Laws

It is intended that the Plan will conform to the requirements of any applicable federal, state, or local law, regulation, guidance, or the order or judgement of a court of competent jurisdiction, and this Plan will be deemed automatically amended to conform, including without limitation, in the event any law, regulation, guidance, or the order or judgement of a court of competent jurisdiction causes the Plan Administrator to pay claims that are otherwise limited or excluded under this Plan, such payments will be deemed to be in accordance with the terms of the Plan.

Non-Discrimination Policy

This Plan will not discriminate against any Participant based on race, color, religion, national origin, disability, gender, sexual orientation, or age. This Plan will not establish rules for eligibility based on health status, medical condition, Claims experience, receipt of health care, medical history, evidence of insurability, genetic information, or disability.

This Plan intends to be nondiscriminatory and to meet the requirements under applicable provisions of the Internal Revenue Code of 1986 (Code). If the Plan Administrator determines before or during any Plan Year that this Plan may fail to satisfy any nondiscrimination requirement imposed by the Code or any limitation on Benefits provided to highly compensated individuals, the Plan Administrator shall take such action as the Plan Administrator deems appropriate, under rules uniformly applicable to similarly situated covered employees, to ensure compliance with such requirements or limitation.

Mental Health Parity

Pursuant to the Mental Health Parity and Addiction Equity Act of 2008, this Plan applies its terms uniformly and enforces parity between covered health care Benefits and covered mental health and substance disorder Benefits relating to financial cost-sharing restrictions and treatment-duration limitations. For further details, please contact the Plan Administrator.

Newborns' and Mothers' Health Protection Act (NMHPA)

Group health plans and health insurance issuers generally may not, under federal law, restrict Benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a Provider obtain authorization from the Surest Plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Qualified Medical Child Support Order Procedures

The Surest Plan will provide Benefits as required by any qualified medical child support order (QMCSO), as defined in ERISA Section 609(a) or National Medical Support Notice. If the Surest Plan receives a medical child support order for your child that instructs the Surest Plan to cover the child, the Plan Administrator will review it to determine that it meets the requirements for a QMCSO. If it determines that it does, your child will be enrolled in the Surest Plan as your dependent, and the Surest Plan will be required to pay Benefits as directed by the order.

You may obtain, without charge, a copy of the procedures governing QMCSOs from the Plan Administrator.

Women's Health and Cancer Rights Act of 1998 (WHCRA)

Your Surest Plan, as required by the Women's Health and Cancer Rights Act of 1998, provides Benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema.

Genetic Information Nondiscrimination Act of 2008 (GINA)

The Genetic Information Nondiscrimination Act of 2008 (Public Law No. 110-233) prohibits group health plans, issuers of individual health care policies, and employers from discriminating on the basis of genetic information. GINA expands on the provisions in the Health Insurance Portability and Accountability Act of 1996 (HIPAA) in a number of ways:

- Group health plans and health insurers cannot base health care premiums for plans or a group of similarly situated individuals on genetic information.
- Plans and insurers are prohibited from requesting or requiring an individual to undergo a genetic test.
- Plans and insurers are prohibited from collecting genetic information (including family history) prior to or in connection with enrollment, or for underwriting purposes.

Surest Plan	Refers to the Surest health plan as used in this SPD.
Telehealth Visit	Live interactive audio with visual transmissions, and/or transmissions through federally compliant secure messaging applications of a Physician-patient encounter from one site to another using telecommunications technology. The site may be a CMS defined originating facility or another location such as a Participant's home or place of work. Telehealth/Telemedicine does not include virtual care services provided by a Designated Virtual Network Provider.
Transition of Care	The option for a new Participant to request coverage from your current, out-of-network health care professional at in-network rates for a limited time due to a specific medical condition, until the safe transfer to an in-network health care professional can be arranged.

Unproven / Unproven Services

Services, including medications and devices regardless of *U.S. Food and Drug Administration (FDA)* approval, that are not determined to be effective for treatment of the medical condition or not determined to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature:

- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

Surest has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time-to-time Surest issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can contact Surest Member Services for additional information.

Please note: If you have a life-threatening sickness or condition (one that is likely to cause death within one year of the request for treatment), Surest may, at its discretion, consider an otherwise Unproven service to be a Covered Health Service for that sickness or condition. Prior to such a consideration, Surest must first establish that there is sufficient evidence to conclude that, even though Unproven, the service has significant potential as an effective treatment for that sickness or condition.

Usual and Customary

The amount allowed for a medical service in a geographic area based on what Providers in the area usually charge for the same or similar medical service. The usual and customary amount is used to determine the amount that may be charged by a Provider for the Benefits.

Utilization Management

Utilization Management processes are conducted by Surest to ensure that certain services are Medically Necessary. Utilization Management processes include clinical, medical, pre-service review (e.g., Prior Authorization), concurrent review (e.g., during a hospital stay), and post-service review (review of Claims to ensure services were Medically Necessary).

Virtual Care

Virtual care is for Covered Health Services that include the diagnosis and treatment of medical and mental health conditions for Participants that can be appropriately managed virtually through the use of interactive audio and video telecommunication and transmissions, and audio-visual communication technology, or through federally compliant secure messaging applications with, or supervised by, a licensed and qualified practitioner. Virtual care provides communication of medical information in real-time between the patient and a distant Physician or health care Specialist, through use of interactive audio and video communications equipment or through federally compliant secure messaging applications outside of a medical facility (for example, from home or from work).

12. Outpatient Prescription Drugs

Outpatient Prescription Drug Plan Schedule of Benefits

OptumRx

When Are Benefits Available for Prescription Drug Products?

Benefits are available for Prescription Drug Products at a Network Pharmacy and are subject to Copayments or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Care Service or is prescribed to prevent conception.

What Happens When a Brand-name Drug Becomes Available as a Generic?

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug Product may change. Therefore, your Copayment may change and an Ancillary Charge may apply, or you will no longer have Benefits for that particular Brand-name Prescription Drug Product.

How Do Supply Limits Apply?

Benefits for Prescription Drug Products are subject to the supply limits that are stated in the "Description and Supply Limits" column of the Benefit Information table. For a single Copayment, you may receive a Prescription Drug Product up to the stated supply limit.

Note: Some products are subject to additional supply limits based on criteria that the Claims Administrator has developed. Supply limits are subject, from time to time, to the Claims Administrator's review and change. This may limit the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may find out whether a Prescription Drug Product has a supply limit for dispensing by contacting the Claims Administrator at [Benefits.Surest.com](https://benefits.surest.com) or the telephone number on your ID card.

Do Prior Authorization Requirements Apply?

Before certain Prescription Drug Products are dispensed to you, your Physician, your pharmacist or you are required to obtain prior authorization from the Claims Administrator or the Claims Administrator's designee. The reason for obtaining prior authorization from the Claims Administrator is to determine whether the Prescription Drug Product, in accordance with the Claims Administrator's approved guidelines, is each of the following:

- It meets the definition of a Covered Health Care Service.
- It is not an Experimental or Investigational or Unproven Service.

The Plan may also require you to obtain prior authorization from the Claims Administrator or the Claims Administrator's designee so the Claims Administrator can determine whether the Prescription Drug Product, in accordance with the Claims Administrator's approved guidelines, was prescribed by a Specialist.

Network Pharmacy Prior Authorization

When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for obtaining prior authorization from the Claims Administrator.

If you do not obtain prior authorization from the Claims Administrator before the Prescription Drug Product is dispensed, you may pay more for that Prescription Order or Refill. The Prescription Drug Products requiring prior authorization are subject, from time to time, to the Claims Administrator's review and change. You may find out whether a particular Prescription Drug Product requires notification/prior authorization by contacting the Claims Administrator at Benefits.Surest.com or the telephone number on your ID card.

If you do not obtain prior authorization from the Claims Administrator before the Prescription Drug Product is dispensed, you can ask the Claims Administrator to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. The Claims Administrator's contracted pharmacy reimbursement rates (the Claims Administrator's Prescription Drug Charge) will not be available to you at an out-of-Network Pharmacy. You may seek reimbursement from the Claims Administrator as described below in *How to File a Claim*.

When you submit a claim on this basis, you may pay more because you did not obtain prior authorization from the Claims Administrator before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge (for Prescription Drug Products from a Network Pharmacy), less the required Copayment, and/or any Ancillary Charge that applies.

Benefits may not be available for the Prescription Drug Product after the Claims Administrator reviews the documentation provided and the Claims Administrator determines that the Prescription Drug Product is not a Covered Health Care Service or it is an Experimental or Investigational or Unproven Service.

The Claims Administrator may also require prior authorization for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits related to such programs. You may access information on available programs and any applicable prior authorization, participation or activation requirements related to such programs by contacting the Claims Administrator at Benefits.Surest.com or the telephone number on your ID card.

How to File a Claim

Post-service pharmacy Claims are non-urgent pharmacy Claims after you have received a prescription. Generally, you do not need to file a pharmacy Claim for services from in-network pharmacies, the pharmacy will handle the filing of the pharmacy Claim. If you receive Emergency care outside the United States and are seeking reimbursement from the Plan, you can submit a pharmacy Claim using this procedure.

Manual submission of pharmacy Claims does not guarantee reimbursement. If the prescription drug(s) is non-Formulary, has Prior Authorization, step therapy, quantity limit requirements, or is restricted in some other way, OptumRx will make a coverage determination according to our coverage determination and exceptions process. Requests which require an exception to coverage should be submitted to OptumRx for review.

You can submit a post-service pharmacy Claim by mail or fax to OptumRx:

Does Step Therapy Apply?

Certain Prescription Drug Products for which Benefits are described under this Outpatient Prescription Drug Plan are subject to step therapy requirements. In order to receive Benefits for such Prescription Drug Products you must use a different Prescription Drug Product(s) first.

You may find out whether a Prescription Drug Product is subject to step therapy requirements by contacting the Claims Administrator at Benefits.Surest.com or the telephone number on your ID card.

What Do You Pay?

You are responsible for paying the applicable Copayment described in the Benefit Information table, in addition to any Ancillary Charge. You are not responsible for paying a Copayment for PPACA Zero Cost Share Preventive Care Medications.

An Ancillary Charge may apply when a covered Prescription Drug Product is dispensed at your or the provider's request and there is another drug that is Chemically Equivalent.

The amount you pay for any of the following under this Outpatient Prescription Drug Plan will not be included in calculating any Out-of-Pocket Limit stated in this *SPD*:

- Certain coupons or offers from pharmaceutical manufacturers or an affiliate.
- Any non-covered drug product. You are responsible for paying 100% of the cost (the amount the pharmacy charges you) for any non-covered drug product. The Claims Administrator's contracted rates (the Claims Administrator's Prescription Drug Charge) will not be available to you.

Please contact the Claims Administrator at [Benefits.Surest.com](https://www.benefits.surest.com) or the telephone number on your ID card for the most up-to-date tier status.

Outpatient Prescription Drug Plan

OptumRx

This portion of the Plan provides Benefits for Prescription Drug Products.

Because this section is part of a legal document, the Plan Sponsor wants to give you information about the document that will help you understand it. Certain capitalized words have special meanings. The Claims Administrator has defined these words in *Outpatient Prescription Drug Defined Terms*.

When the Plan Sponsor uses the words "you" and "your" the Plan Sponsor is referring to people who are Covered Persons, as the term is defined in *Outpatient Prescription Drug Defined Terms*.

NOTE: The Coordination of Benefits provision in this *Outpatient Prescription Drug section* applies to Prescription Drug Products covered through this Outpatient Prescription Drug Plan.

Introduction Outpatient Prescription Drug Plan

Coverage Policies and Guidelines

The Claims Administrator's Prescription Drug List (PDL) Management Committee makes tier placement changes on the Claims Administrator's behalf. The PDL Management Committee places FDA-approved Prescription Drug Product into tiers by considering a number of factors including clinical and economic factors. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or prior authorization requirements should apply. Economic factors may include the Prescription Drug Product's total cost including any rebates and evaluations of the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for treating specific conditions as compared to others; therefore, a Prescription Drug Product may be placed on multiple tiers according to the condition for which the Prescription Drug Product was prescribed to treat, or according to whether it was prescribed by a Specialist.

The Claims Administrator may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes generally will happen quarterly, but no more than six times per calendar year. These changes may happen without prior notice to you.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for you is a determination that is made by you and your prescribing Physician.

NOTE: The tier placement of a Prescription Drug Product may change, from time to time, based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please contact the Claims Administrator at Benefits.Surest.com or the telephone number on your ID card for the most up-to-date tier placement.

Identification Card (ID Card) - Network Pharmacy

You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by the Claims Administrator during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you must pay the Usual and Customary Charge for the Prescription Drug Product at the pharmacy.

You may seek reimbursement from the Plan as described under *How to File a Claim*. When you submit a claim on this basis, you may pay more because you did not verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Copayment, and any Ancillary Charge that applies.

Submit your claim to the Pharmacy Benefit Manager at the address on your ID card.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, the Claims Administrator may direct you to a Designated Pharmacy with whom the Claims Administrator has an arrangement to provide those Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you will be subject to the Network Benefit for that Prescription Drug Product.

Smart Fill Program - Split Fill

Certain Specialty Prescription Drug Products may be dispensed by the Designated Pharmacy in 15-day supplies up to 90 days and at a pro-rated Copayment or Coinsurance. You will receive a 15-day supply of their Specialty Prescription Drug Product to find out if you will tolerate the Specialty Prescription Drug Product prior to purchasing a full supply. The Designated Pharmacy will contact you each time prior to dispensing the 15-day supply to confirm if you are tolerating the Specialty Prescription Drug Product. You may find a list of Specialty Prescription Drug Products included in the *Smart Fill Program*, by contacting the Claims Administrator at Benefits.Surest.com or the telephone number on your ID card.

When Does the Claims Administrator Limit Selection of Pharmacies?

If the Claims Administrator determines that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your choice of Network Pharmacies may be limited. If this happens, the Claims Administrator may require you to choose one Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the chosen Network Pharmacy. If you don't make a choice within 31 days of the date the Claims Administrator notifies you, the Claims Administrator will choose a Network Pharmacy for you.

Rebates and Other Payments

The Claims Administrator and the Plan Administrator may, at times, receive rebates for certain drugs included on the Prescription Drug List. As determined by the Claims Administrator, the Plan may pass a portion of these rebates on to you. When rebates are passed on to you they may be taken into account in determining your Copayment.

The Claims Administrator and a number of its affiliated entities, conduct business with pharmaceutical manufacturers separate and apart from this *Outpatient Prescription Drug Plan*. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this *Outpatient Prescription Drug Plan*. The Claims Administrator is not required to pass on to you, and do not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, the Claims Administrator may send mailings or provide other communications to you, your Physician, or your pharmacy that communicate a variety of messages, including information about Prescription and non-prescription Drug Products. These communications may include offers that enable you, as you determine, to purchase the described product at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

Special Programs

The Claims Administrator may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as adherence/compliance to medication or treatment regimens, and/or taking part in health management programs. You may access information on these programs by contacting the Claims Administrator at Benefits.Surest.com or the telephone number on your ID card.

Maintenance Medication Program

If you require certain Maintenance Medications, the Claims Administrator may direct you to the Mail Order Network Pharmacy to obtain those Maintenance Medications. If you choose not to obtain your Maintenance Medications from the Mail Order Network Pharmacy, you may opt-out of the Maintenance Medication Program by contacting the Claims Administrator at Benefits.Surest.com or the telephone number on your ID card. If you choose to opt out when directed to a Mail Order Network Pharmacy but do

not inform the Claims Administrator, you will be subject to the Network Benefit for that Prescription Drug Product after the allowed number of fills at Retail Network Pharmacy.

Prescription Drug Products Prescribed by a Specialist

You may receive an enhanced or reduced Benefit, or no Benefit, based on whether the Prescription Drug Product was prescribed by a Specialist. You may access information on which Prescription Drug Products are subject to Benefit enhancement, reduction or no Benefit by contacting the Claims Administrator at Benefits.Surest.com or the telephone number on your ID card.

Claims and Appeals Procedure

The Claims and Appeals Procedures for Outpatient Prescription Drug Claims are the same as those set forth in Sections 7 and 8 above. However, Claims and Appeals must be submitted to:

OptumRx

Hot Springs, AR 71903

Outpatient Prescription Drug Defined Terms

Ancillary Charge - a charge, in addition to the Copayment, that you must pay when a covered Prescription Drug Product is dispensed at your or the provider's request, when a Chemically Equivalent Prescription Drug Product is available.

For Prescription Drug Products from Network Pharmacies, the Ancillary Charge is the difference between:

- The Prescription Drug Charge for the Prescription Drug Product; and
- The Prescription Drug Charge for the Chemically Equivalent Prescription Drug Product.

Brand-name - a Prescription Drug Product: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that the Claims Administrator identifies as a Brand-name product, based on available data resources. This includes data sources such as Medi-Span, that classify drugs as either brand or generic based on a number of factors.
